

Sample School Behavior Decision Flowchart

Observe Problem Behavior – Use **Classroom Behavior Record** to complete the following:

Class Behavior Record:
1.) Redirect – see suggestions
2.) Refocus/Reset Desk
3.) Reflect/re-teach/call home
4.) **Referral-office contact/call home**

Administrator determines consequences and processes electronic referral

Input referral and send student to office with completed referral form.

Teacher receives electronic confirmation of consequence and consults with administrator if there are any special circumstances

Initial Redirection Strategies:

- **First, Acknowledge Students Performing Desired Behaviors**
- **Use Proximity or Provide Visual Cue**
- **Review Expectations**
- **Check For Understanding**
- **Provide a Choice if Needed**
- **Provide Clear Directions “Right now the task is....”**
